SCD560/10

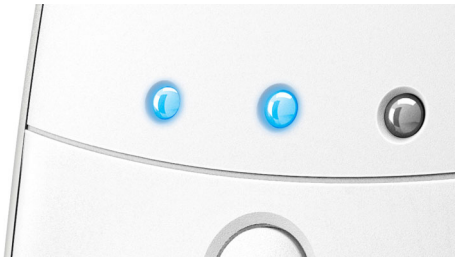
Highlights

3D LED lights



Lights are activated to indicate the level of sound in your baby's room. Even when the Parent Unit is muted.

Crystal clear sound

Hear every tiny giggle, gurgle and hic-up with perfect clarity. DECT technology provides high quality, crystal clear sound so you can hear your baby anytime.

ECO max

Switch on the ECO max to reduces transmission power in the baby room. In the ECO max the units only connect when the baby makes a sound.

Night light and lullabies

There's nothing like a gentle lullaby and a warm tranquil glow of a night light to calm a restless baby. From any room in the house you can select one of 5 relaxing tunes and switch on the nigh light, helping your baby to drift effortlessly to sleep in no time. (Remote activation not available in US and Canada)

Operating time 18 hours

The small, rechargeable parent unit will give you the freedom of cordless reaming for up to 18 hours before re-charging is required.

Range 330

Indoor range up to 50 meters* Outdoor range up to 330 meters** The operating range of the baby monitor varies depending on the surroundings and factors that cause interference.

Rechargeable

The rechargeable parent unit enables you to move in and around the home.

Smart ECO mode

The unique Smart ECO mode automatically minimizes your transmission power and increases your battery lifetime. The closer you are to your baby, the less power is needed for a perfect connection (not available in US and Canada).

Talk back

Sometimes all your baby needs is the soothing sound of your voice. With one click of this essential feature you can connect with your baby from anywhere around the home
